Dear Mr Weisberg;

I am sending you another check for $25.00 to help cover expenses.

In your first book you state that there are several pictures of Oswald in the Warren report taken on the day of his arrest. I think it would be wise to print as many of these in your book as possible so that many comparisons can be made. With these photos of Oswald and the Oswald picture in the Altgen photo. I presume that all of the pictures taken on the day of his arrest show him in the long sleeve, dark shirt and would show his face and hairline. It is so important that the public at large should be able to make the comparison for itself and be satisfied that it is Oswald in the Altgen photo.

Another suggestion I would make; in your next book "Whitewash 3" I would have on the front cover itself the enlarged photo of Oswald as he appears in the Altgen picture. This picture should be the trademark of all of your books.
